Completed in 2020 with 8.28 CGPA
- Geeta Science Inter Mahavidyalaya  
Intermediate | 2017 | 68.4%
- S S V M High School  
Matriculation | 2015 | 76.4%

## Project

- File Sharing System  
Technology used :  
.net core, C#, MSSQL Server, HTML, CSS, Bootstrap  
In this project, we can easily share the file and image from one person to another person. If admin approved that message or file then the particular user gets that message or file otherwise not.
- CinemaBuddy (Movie Recommended System)  
Technology used :  
Python, Data Mining, streamlit  
In this project, we used a dataset of movie. On the basis of dataset, we proposed a recommended system who recommend movie to the user.

## About Me

I am a passionate and dedicated software developer with a strong background in backend programming and software development. I have experience in developing efficient and innovative solutions, optimizing backend performance, and ensuring data security. I thrive in collaborative environments and enjoy taking on leadership roles to drive project success. Committed to continuous learning and improvement, I am eager to apply my knowledge and skills to contribute effectively to the technology sector.
